WHOLEFLOWER HEMP OIL EXTRACT OPTIMIZE THE BODY & MIND

Happy Hemp Pharm's hemp derived cannabidiol is complete with active ingredients such as CBD, CBDa, Whole Hemp Flower, MCT Oil, CBGa & CBCa

Let's Talk
WHAT IS CBDa?

CBDa (cannabidiolic acid) is one of many compounds produced naturally by raw hemp plants. Simply put, CBDa is the precursor to CBD. When CBDa is heated, a decarboxylation reaction occurs, which turns the acid into pure CBD.
